BYTES TO KNOWLEDGE

The placement report has been verified and audited by Brickworks Analytics, a noted auditor of IIM Ahmedabad's placement report.

From the Desk of Founders

“ Sunstone was born out of a vision — a bold belief that higher education in India could be transformed into something extraordinary. We dared to dream of an education system that doesn’t just promise but delivers — one that bridges the chasm between academia and industry and empowers students with the future they deserve. Since 2019, every step we’ve taken has been fueled by this purpose.

This report is far more than numbers and achievements — it is living proof of what happens when vision meets action. It encapsulates the transformation of our students’ lives, the trust they placed in us, and our unwavering commitment to delivering outcomes that redefine expectations. This report is the foundation of a movement. A movement to reimagine higher education in India. A movement to set standards that others aspire to. A movement to ensure that every student, no matter where they come from, can access the future they’ve always dreamed of. ”

The Head of Placements

Placements Department

Sunstone,

Unitech Cyberpark,

Gurugram - 122022

Dear Sir,

Re: **Audit of Placement Report for the batch 2022-24 of Master of Business Administration and Post Graduate Diploma in Management of students enrolled in Sunstone partner Institutions.**

We have audited the data related to remuneration, function & location as presented in the Placement Report prepared by Sunstone for the final placement (based on the offers received on campus) for the batch of Master of Business Administration and Post Graduate Diploma Management of students enrolled in Sunstone partner Institutions for 2022-24.

The preparation of the Placement Report is the responsibility of Sunstone. Our responsibility is to validate the information related to remuneration, function & location provided in the report with the relevant documentation and comment on the conformance of those with the Indian Placement Reporting Standards (IPRS) Revision 2.2.

In this context, we confirm the following:

1. For the purpose of the audit, we have obtained all the information and explanations, which, to the best of our knowledge and belief, were necessary. In our opinion, the data related to remuneration, function & location as presented in the Placement Report generally complies with the Indian Placement Reporting Standards Revision 2.2., except for certain instances where function/location/breakup of remuneration are not available. B2K has relied on declaration of authenticity from the management of Sunstone for considering such data points.

B2K Analytics Private Limited

(Formerly Brickworks Analytics Pvt. Ltd.)

3rd Floor, Raj Alkaa Park, Kalena Agrahara, Bannerghatta Road, Bengaluru - 560 076
P: +91 80 4040 9950 | E: info@b2kanalytics.com | www.b2kanalytics.com

From the Desk of Brickworks Analytics

2. The validation of information presented in the report is based on communication received by Sunstone from recruiting companies. B2K Analytics has not independently sourced any information or documentation from the recruiters.
3. We have verified the information with respect to job location, function and remuneration presented in the report with communication received from recruiters by Sunstone.
 - a. The information has been categorised as best as possible under different salary heads as given in the IPRS Revision 2.2; where a break-up was not available, the entire remuneration has been considered as 'Fixed component' as advised by Sunstone through a suitable declaration.
 - b. The data points mentioned under different salary heads are representative of aggregate salary components offered to the candidates.
 - c. Long-Term benefits like ESOPs (vested after the first year), retention bonus and any other long-term benefit to be paid after the first year have not been considered for the calculation of 'Maximum Earning Potential'.
 - d. We have considered the amount of Gratuity in the calculation of MEP even though it is payable after 5 years of service as this amount is not separately available for all the candidates.
 - e. We could not verify the location for some students as some recruiting companies do not mention it in the offer letter or the location is decided after joining. These students have been put under the 'PAN India' category as advised by Sunstone through a suitable declaration.
 - f. Wherever information was missing reasonable assumptions have been made.
4. We have obtained a suitable declaration for cases where offer letters or formal communication from the recruiter were unavailable
5. The offers considered are offers received and not necessarily accepted offers.
 - a. Out of 1475 students, 447 students opted out of placement process.

Dear Sir,

Re: **Audit of Placement Report for the batch 2022-24 of Master of Computer Applications of students enrolled in Sunstone partner Institutions.**

We have audited the data related to remuneration, function & location as presented in the Placement Report prepared by Sunstone for the final placement (based on the offers received on campus) for the batch of Master of Computer Applications of students enrolled in Sunstone partner Institutions for 2022-24.

The preparation of the Placement Report is the responsibility of Sunstone. Our responsibility is to validate the information related to remuneration, function & location provided in the report with the relevant documentation and comment on the conformance of those with the Indian Placement Reporting Standards (IPRS) Revision 2.2.

In this context, we confirm the following:

1. For the purpose of the audit, we have obtained all the information and explanations, which, to the best of our knowledge and belief, were necessary. In our opinion, the data related to remuneration, function & location as presented in the Placement Report generally complies with the Indian Placement Reporting Standards Revision 2.2., except for certain instances where function/location/breakup of remuneration are not available. B2K has relied on declaration of authenticity from the management of Sunstone for considering such data points.

SUNSTONE HAS THE MOST
STUDENT FRIENDLY POLICIES

Secure Your Future with Unlimited Job Opportunities

Unlimited Opportunities

Sunstone follows a student-first placement policy aimed at maximising career outcomes. Even after securing a job offer, students can continue applying to unlimited job opportunities with a fixed CTC greater than their current offer.

Dream Job Options

Additionally, every student who gets placed receives 3 Dream Options. This gives them the freedom to apply for any job they consider their dream job, irrespective of the CTC offered.

RECRUITER

Rajesh Mishra

General Manager, HR,

“Working with Sunstone is always a pleasure. Access to quality talent from 40–50 colleges through one platform makes hiring seamless. Looking forward to continued collaboration.”

Sunstone's Placement Policy vs Comparable Institutes

Placement-Centric policies	Sunstone	Comparable Institutes
✦ All students are eligible for final placements	Yes	No
✦ Access to unlimited job opportunities	Yes	No
✦ Apply to unlimited higher-paying jobs even after securing an offer	Yes	No
✦ Multiple Dream Job opportunities across in-demand sectors of the student's choice	Yes	No

RECRUITER

James George

Chief Manager, Human Resource,

“Sunstone students bring strong knowledge and a resilient attitude — exactly what today’s workplace needs. We’re glad to be placement partners with Sunstone.”

Tripti Sharma

MCA 2022-24

Hometown: Jaipur

Placed at

"I'm incredibly grateful to Sunstone and all my professors for their unwavering support throughout my master's journey. Securing 2nd rank in my college wouldn't have been possible without their dedication and guidance. A special thanks to Neha Gupta Ma'am, whose mentorship boosted my confidence and academic growth. Sunstone gave me the platform to learn, grow, and succeed and I'll always value the experiences and learnings from this journey."

Exclusive instructor-led training and specialised courses at Sunstone for students with emerging skill sets, ensuring continuous upskilling and industry relevance.

tcs iON

Ace Academy Certifications

From classroom to career, these certifications give our students the edge.

Certification: Fundamentals of Web Development

Learn the basics of web development, how websites work, and HTML essentials. Build and style contact forms with validation, explore the CSS Box Model, and get started with Bootstrap for responsive design. Ideal for beginners aiming to create modern websites.

Certification: Fundamentals of Cybersecurity

Understand cybersecurity fundamentals, internet workings, network components, IP addressing, and TCP/UDP protocols. Get hands-on with Wireshark, Nmap, Linux basics, scripting, and info-gathering. Learn AES, RSA, and hashing to secure data. Build skills to analyse, secure, and troubleshoot networks.

Workshop: Application Development

Learn to build interactive apps like Talking Tom and a doodling app. In two days, master animation, sound recording, gesture control, and custom tools. Gain skills to design and publish your own unique app.

Certification : C Programming

Build a strong foundation in C programming with syntax, data types, loops, functions, and conditionals. Apply skills through projects like Rock Paper Scissors, Hangman, Bank System, and Quiz Game. Learn GitHub for version control and collaboration. Gain hands-on experience for real-world software development.

Advanced JavaScript

Master advanced JavaScript: scope, closures, call stack, prototypes, inheritance, and async programming. Learn functional techniques, error handling, design patterns, memory management, Web APIs, and security. End with testing, debugging, and a real-world project.

Mastering AI tools for Career success

This certification equips participants with practical AI skills to enhance career growth, covering AI-powered CV building, job search, personal branding, and business applications, preparing them for success in today's evolving, tech-driven workplace.

Fundamentals of Git/GitHub

This certification offers a hands-on introduction to Git and GitHub, covering version control, branching, collaboration, and advanced features, enabling participants to confidently manage code and streamline workflows in modern software development.

Advance Python and its Applications

Designed for learners ready to go beyond the basics, this certification covers advanced Python programming, including OOP, GUI development, data manipulation, and visualisation, equipping participants to build real-world, industry-ready Python applications.

Career Success Day: Corporate Simulation

Perfecting Your Placement Game

Overview

Career Success Day is designed to enhance student employability across our partner colleges by simulating Placement and Internship rounds for all batches and programs.

Key Highlights

- ★ **Mock Interviews:** Practise interviews just like the real thing.
- ★ **Group Discussions:** Work together with classmates to improve your communication.
- ★ **Aptitude/Programming Tests:** Test your problem-solving and tech skills.
- ★ **Corporate Connect Sessions:** Get tips and advice from our Career Resource Center.

STUDENT

Anjali Franky

MCA 2022-24

Hometown: West Champaran **Placed at**  **LAMBDATEST**

“Relocating to Pune for my MCA was initially tough, but Sunstone made the transition seamless. I gained hands-on experience in Full-Stack Development, working on real-world projects like a cosmetics e-commerce site. With constant faculty support, mock interviews, and pre-placement training, I’m now ready to begin my career as a Front-End Developer. My advice: make the most of every opportunity and keep learning with an open mind.”

Curriculum to Career

Social Learning: **Extra Curriculars**

✦ **Launchpad Program**

Sunstone's incubation cell nurtures budding entrepreneurs by offering learning, mentorship, and networking opportunities, along with the resources needed to turn ideas into successful ventures.

STUDENT

Vaishnavi Sharma

MCA 2022-24

Hometown: Sikar

Placed at

“My two years at Sunstone were full of learning and growth. I really enjoyed the workshops, career events, and even small activities like resume building. All of it helped me improve step by step. The Career Success Days were especially helpful in preparing me for real interviews. I’m happy to be placed at Aryavrat Infotech and proud of how far I’ve come.”

✦ Global Immersion Program

A Global Immersion Program gives students the opportunity to explore world-leading financial hubs abroad, gaining firsthand insights into the industries, culture, and business operations of the host country.

✦ Clubs and Societies

Explore your interests with Sunstone's diverse co-curricular clubs in Entrepreneurship, Coding, Sports, and Creativity. These student-led communities help you build real-world skills, grow your network, and discover your passion beyond the classroom.

STUDENT

Naman Gupta

MCA 2022-24

Hometown: Sitapur

Placed at  Dreamcast

“At Sunstone, I got to work on live projects and learn skills that are actually used in companies. The curriculum was up to date and focused more on practical learning than just theory. With regular practice sessions and mock interviews, I felt fully prepared when it was time for placements. I’m excited to start my journey with Dreamcast!”
