

Recruitment Brochure

Founders' message

"We help you reset your future by bridging the industry-academia skill gap"

A slump in the employability index of Indian youth hints at a widening skill gap. This is the outcome of institutes struggling to prepare aspirants to battle the dynamic challenges of the industry.

Sunstone's vision is to bridge the skill gap to address the needs of millions of candidates and hundreds of employers.

Sunstone's edge empowers you to meet the demands of the industry by adding experiential layers for holistic development.

We feel proud to see Sunstone contributing to nation-building at all levels and welcome you to be a part of this journey.

Sincerely,

Ashish Munjal
Co-Founder & CEO

Piyush Nangru
Co-Founder & COO

About Sunstone

Sunstone is a leading higher education services provider that currently offers training interventions for undergraduate and postgraduate students at 40+ institutions across 30+ cities.

Sunstone's training programs are industry-endorsed to enhance employability. These programs are designed for hybrid delivery with an unparalleled focus on soft skills and personality development. In a nutshell, Sunstone focuses on providing students with an accountable holistic educational experience.

Vision

To give everything they need

Sunstone exists to empower every deserving student to take charge of their careers. We refuse to compromise on our commitment of delivering success to students who choose Sunstone's edge.

Mission

Re-innovate education

We put science into learning to make education work for every student. We leverage technology to generate data and track every aspect of a student's journey to drive outcomes.

Method

Complementing theoretical knowledge with practical application

We exist to make you ready for any vocation, right from day one. Our dynamic modules make use of latest industry tools and techniques to help you acquire skills which will be tested on real-world projects.

50+
masterclasses

100+
hour of job-focused
boot camps

6+
months of immersive
internships

Why hire from us?

Sunstone's edge

We ensure that every candidate goes through a stipulated period of training in the industry by the time they complete their respective graduation or post-graduation programs. Holistic on-site training with industry-aligned career tracks and a hands-on learning approach prepares the candidate to perform all job functions efficiently. Our training modules are updated twice a year to substitute ever-changing industrial demands, and the modules are developed & delivered by industry veterans themselves.

- Every candidate is ready to hit the ground running from the first day at job
- Our training modules focus on personality and cognitive skill development

Talent pool at Sunstone

All the candidates introduced to the Sunstone edge have already proved themselves first at the school level and then again through the sunstone aptitude test and a personal interview. Candidates opting for Sunstone's edge get engaged with our future-ready training program, which includes open-end learning components, case study based learning approach, soft skill development training, and extensive masterclasses by experts, with the help of which they undergo a transition to become job-ready.
